October 5, 2020

Dear Eustis-Farnam Parents, Students, Patrons, and Staff:

As of today, October 5, 2020, Southwest Nebraska Public Health Department has moved the COVID-19 Risk Dial to the “orange” category due to sixty new positive cases of COVID-19 in the Southwest Nebraska Public Health Department area.

While the Eustis-Farnam reopening plan dated July, 29, 2020 indicated an orange category would require mask wearing by all associated with the school, at this time Eustis-Farnam is going to defer to Southwest Nebraska Public Health Department and **STRONGLY RECOMMEND** face coverings for anyone 2 years and older. This does not mean that at some point Eustis-Farnam will not require face covering but at this time, we are only going to **STRONGLY RECOMMEND** masks.

Eustis-Farnam is still encouraging physical distancing where possible, frequent hand washing, illness monitoring at home and the District continues to disinfect on a regular basis.

With the goal to keep students and school personnel as safe as possible, we hope the new cases will decrease and the risk dial can move back to yellow. We also hope no EF students or any more personnel become infected.

If you have questions please do not hesitate to contact the school.

Sincerely,

Steve Sampy, Supt.
Eustis-Farnam
